Our Vision - Accelerating Businesses in the Digital Age

About Us

Evoke is a leading technology and consulting services provider that delivers solutions to clients across Europe, North America, and APAC. Our robust and scalable solutions encompass AI/ML, Data Engineering, Cloud, Low-Code, and Intelligent Automation. Over the past two decades we have delivered exceptional services to global customers focused on quality, on-time delivery, and ROI on their technology investments.

Our operational framework revolves around 8 Centres of Excellence (CoEs), enabling us to cater to customers across 11 diverse industries. Our global presence spans strategic locations that includes the UK, US, Poland, Australia, and India.

Our Key Differentiators

Over the past two decades, we have established a distinctive identity that makes us stand out in the industry.

Value-Focussed with Strong Ownership

We are founded as a value-focused organisation that brings strong ownership to all our projects. As a solutions partner, we go the extra mile to ensure unparalleled customer delight.
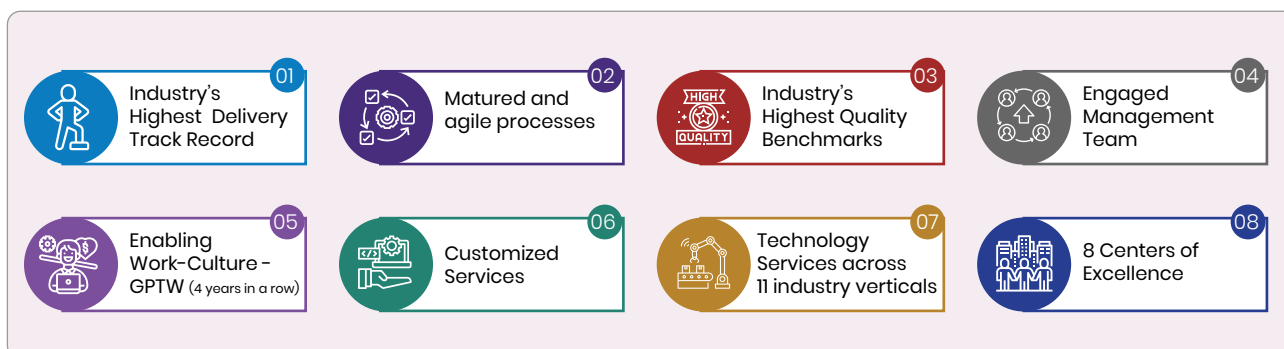

Exceptional Delivery Track-Record

We are a delivery-led organisation that prioritises customer success and on time delivery. Our delivery track record is a result of our strong People, Process, and Technology focus.

Learning Organisation

We are a Learning Organisation. Our technology teams foster a culture of personal and professional development, empowering employees to ensure they are ready to handle a wide array of technological challenges.

### Breadth of Service Offerings
