Evoke COE

Evoke Centers of Excellence (CoEs) serve a wide gamut of global customers. Empowered by mature technologists, robust processes, and a rich experience, our CoEs are powerhouses of service excellence.

For nearly two decades, our CoEs have accelerated value delivery, provided predictable cost structures, and helped organizations in a variety of industries maintain their leadership.

Digitization

Our Digitization Center of Excellence can transform your digital ecosystem and enable it to face market challenges and become more competitive. We use our expertise to develop new business models and redefine processes and workflows.

App Dev

Our App Dev Center of Excellence is known for its quality of resources and on-time delivery. Our services span broad areas of custom application development, modernization & migration, product development, support & maintenance, and mobility services.

Quality Engineering

Our Quality Engineering Center of Excellence offers services in Consulting & Advisory, Site Reliability Testing, and Mobile Application Testing. Over the years, we have handled challenging projects that were delivered on time and on budget.

Cloud

The Evoke Cloud Center of Excellence offer deep expertise to drive all your cloud-enabled transformations. Our Cloud solutions span Cloud Assessment & Migration, Infrastructure Services, Security & Resilience, Government Cloud, and CI/CD.

Automation

Our Automation Center of Excellence offers services and solutions in the areas of Hyperautomation, BPA, BPM, Pega, and Low Code. Our people, processes, and technology competency enable businesses to maximize the benefits of automation.

CRM

Our CRM Center of Excellence has the expertise to handle tools like Salesforce, Dynamics CRM, Pega, Oracle CX, and ServiceNow. Our COE is scalable and equipped to cater to customers of all sizes.

ERP

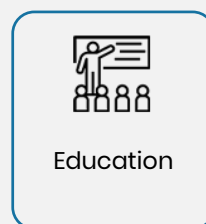

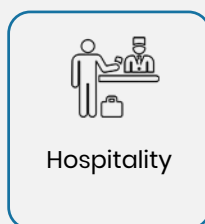

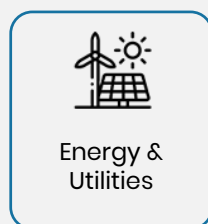

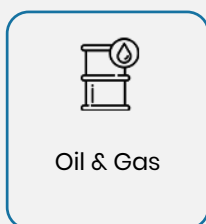

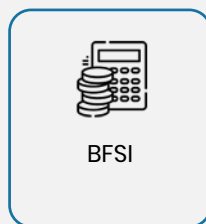

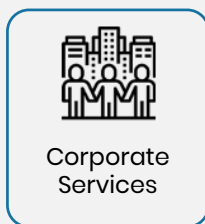

Our ERP Center of Excellence offers Oracle, SAP, and Microsoft Dynamics services. Our predictable cost structure, matured processes, and world-class resources make our COE among the best in the industry.

AI/ML, Analytics, & Data Engineering

Our AI/ML, Analytics, & Data Engineering Center of Excellence can bring extraordinary results to your business insights. The center is equipped to handle projects of all sizes and complexities.
